You're sure that this story is true and not just some kind of fairy tale?

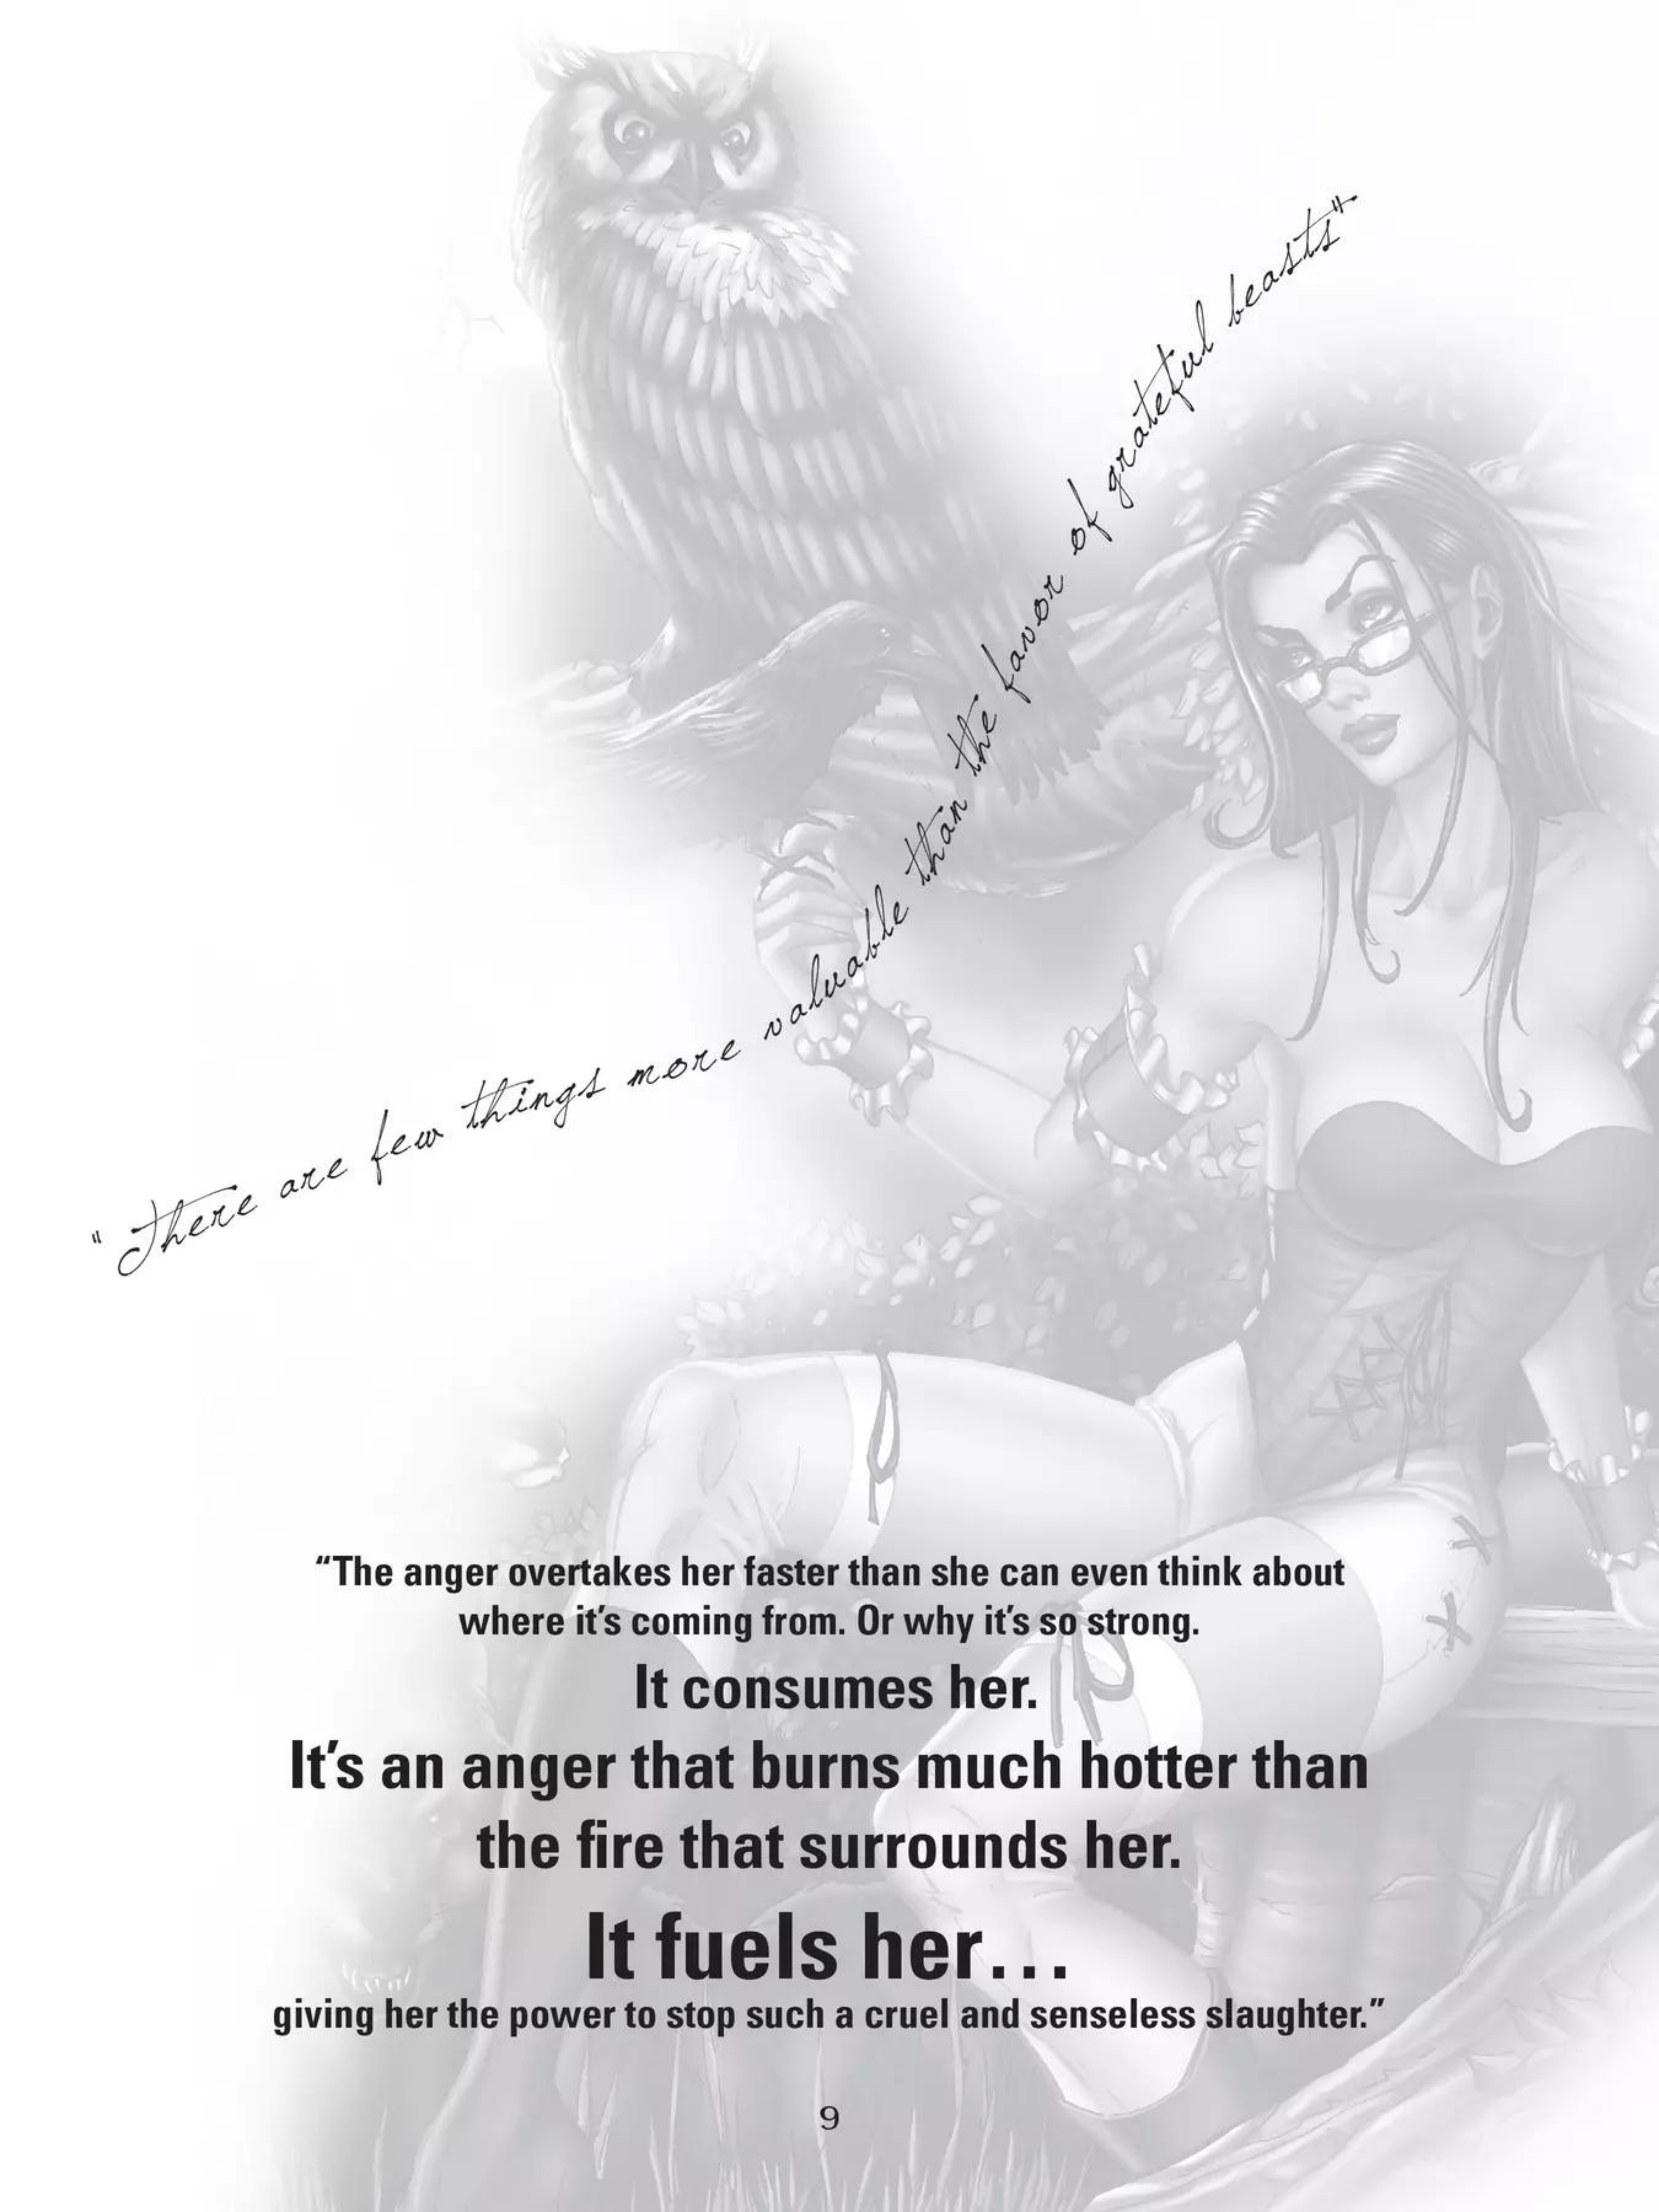

-BOLDER-
It is true.

-SELA-
Sometimes these stories take on a life of their own.

"There are few things more valuable than the favor of grateful beasts"

**"The anger overtakes her faster than she can even think about
where it's coming from. Or why it's so strong.**

It consumes her.

**It's an anger that burns much hotter than
the fire that surrounds her.**

It fuels her...

giving her the power to stop such a cruel and senseless slaughter."

It wasn't him I saw. It was the woman.

So she will help us?

-DRUANNA-

**That is uncertain. I can only say it is her intent.
Besides a king shouldn't put his hopes on such things.
Only what he has for certain around him.**
